Safety Data Sheet in compliance with Indian Manufacture, Storage and Import of Hazardous Chemicals Rules 1989, Rule 17, Schedule 9

LOCTITE 243

MSDS-No.: 153494
V002.0
Revision: 16.02.2015
printing date: 31.03.2018

Page 1 of 4

1. Identification of the substance/preparation and of the company/undertaking

Product name: LOCTITE 243
Material: 92023
Product category: Anaerobic Sealant

Identification of manufacturer, importer or distributor

Emergency information: +91 2115 30017-18

Section 2. Composition / information on ingredients

General chemical description:
Product based on polyethylene glycol dimethacrylate.

Declaration of ingredients according to (EC) No 1907/2006:

Section 3. Hazards identification

<table>
<thead>
<tr>
<th>Hazard classification:</th>
<th>Xi - Irritant</th>
</tr>
</thead>
</table>

Routes of entry:
Skin
Lungs
Eyes

Health Effects:
R43 May cause sensitisation by skin contact.

Skin:
May cause skin irritation.
May cause allergic skin reaction.

Eye:
Contact with eyes will cause irritation.
Inhalation: May cause respiratory tract irritation.
Ingestion: Not expected to be harmful by ingestion.

Section 4. First aid measures

Inhalation: Move to fresh air. If symptoms develop and persist, get medical attention.
Skin contact: Wash clothing before reuse. If symptoms develop and persist, get medical attention. Remove contaminated clothing and footwear. Wash with soap and water.
Eye contact: Get medical attention. Flush with copious amounts of water, preferably, lukewarm water for at least 15 minutes, holding eyelids open all the time.
Ingestion: Get medical attention. Do not induce vomiting. Keep individual calm.

Section 5. Fire fighting measures

Particular danger in case of fire: None
Suitable extinguishing media: If product is involved in fire extinguish with dry powder, foam or carbon dioxide.
Special protection equipment for firefighters: Wear self-contained breathing apparatus and full protective clothing, such as turn-out gear.

Section 6. Accidental release measures

Environmental precautions: Do not allow product to enter sewer or waterways.
Clean-up methods: Store in a partly filled, closed container until disposal. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).

Section 7. Handling and storage

Handling: Prevent contact with eyes, skin and clothing. Do not breathe vapor and mist. Wash thoroughly after handling.
Storage: Store in original containers at 8-21°C (46.4-69.8°F) and do not return residual materials to containers as contamination may reduce the shelf life of the bulk product.
Section 8. Exposure controls / personal protection

</tr>
</tbody>
</table>

Respiratory protection: No personal respiratory protective equipment normally required. If ventilation is not sufficient to effectively prevent buildup of vapor/mist/fume/dust, appropriate NIOSH/MSHA respiratory protection must be provided.

Eye protection: Safety goggles or safety glasses with side shields.

Body protection: Use impermeable gloves and protective clothing as necessary to prevent skin contact. Neoprene gloves. Butyl rubber gloves. Natural rubber gloves.

Engineering controls: Ensure adequate ventilation. Use general ventilation and use local exhaust, where possible, in confined or enclosed spaces.

General protection measures: Good industrial hygiene practices should be observed.

Section 9. Physical and chemical properties

Relative vapour density: Not available.
Specific gravity: 1,08
Auto ignition: Not available.
pH: Not applicable 6,5 - 8,5
Flash point: > 93 °C (> 199,4 °F)
Vapor pressure: 0,133 mbar
Density: 1,08 g/cm³
VOC content: 0,73 %

Section 10. Stability and reactivity

Conditions to avoid: See "Handling and Storage" (Section 7) and "Incompatibility" (Section 10).

Hazardous polymerization: Will not occur.

Section 11. Toxicological information

General toxicological information: No laboratory animal data available.
Section 12. Ecological information

General ecological information: Do not empty into drains / surface water / ground water.

Section 13. Disposal considerations

Product
Method of disposal: Dispose of in accordance with local and national regulations.

Packaging
Disposal for uncleaned package: Disposal must be made according to official regulations.

Section 14. Transport information

General information:
Not hazardous according to RID, ADR, ADN, IMDG, IATA-DGR.

Section 15. Regulations - classification and identification
